Ms. Michaele A. Totino
Regulatory Analyst
Independent Regulatory Review Commission
333 Market Street, 14th floor
Harrisburg, PA 17101

RECEIVED
IRRC
2010 NOV 15 AM 10:15

Dear Ms. Totino,

I would like to speak against the adoption of the regulations for massage therapy at the November 18th meeting..

I urge his because:

1. The term "Therapeutic Massage" has been removed from the regulations. This is a massage industry specific term. Its use is universal. I offer the following arguments:
 - a. In an attached google search for "therapeutic massage""PA" I received 135,000 hits. I printed out the first 10 pages. There were about 10 listings per page. 5 were related to training for massage therapy. 4 were for "Non Therapeutic" massage. These were for relaxation. 1 was for domain name searches. The rest were sites for massage therapists doing "therapeutic massage."
 - b. I have attached the covers of 5 massage textbooks. 4 of these were published by the 2 largest medical publishers in the country. They all include "Therapeutic Massage" on the cover.
 - c. On of the board approved certifying exams includes "Therapeutic Massage" in its very name.
2. I am very concerned that the Physical Therapy Association recommended getting rid of the term "Therapeutic Massage" and replacing it with the term "Massage Therapy." I do not know why they object to the adjectival form of the word. I can not conceive that it a threat. I do worry that they have more sinister ideas of using this terminology to restrict the trade of Therapeutic Massage. As such, I support voting against the regulations.

Thank you for your attention.

Richard Finn CMT, CMTPT, MCSTT
