Subject: Taxpayer opposition to Keystone Graduation Exams

Dear David Sumner:

I stand opposed to the Keystone Graduation Exams (part of the proposed Chapter 4 Final-Form Regulations).

Adopting the Keystone Graduation Exams will do nothing to better educate PA students. It will put unnecessary financial and regulatory hardships on our school districts (taxpayers).

Students need to be educated appropriately during their formative years. Our educational system must focus on this aspect of education, not on an end test that will not be a true judge of a student's education and potential.

Thank-you,
