Dear Chairman McGinley:

The Professional Licensure Committee held a meeting on June 15, 2004, to consider the following:

Regulation 16A-605 – Final rulemaking of the State Board of Vehicle Manufacturers, Dealers and Salespersons relating to the definition of the phrase “used solely for storage” in the State Board of Vehicles Act, so that dealers are put on notice of when a branch lot license could be required for a location. The committee voted to approve the regulation.

Regulation 16A-603 – Final rulemaking of the State Board of Vehicle Manufacturers, Dealers and Salespersons, relating to facilities requirements for Pennsylvania vehicle auctions and activities that may be conducted by persons holding a vehicle auction license. The committee voted to approve the regulation.

Regulation 16A-607 – Final rulemaking of the State Board of Vehicle Manufacturers, Dealers and Salespersons relating to consumer-protection oriented requirements for licensed dealers to engage in consignment sales without holding a vehicle auction license. The committee voted to approve the regulation.

Please feel free to contact my office if any questions should arise.

Sincerely,

Thomas P. Gannon
