RE: Regulation #7-398 (#2523) – “Pennsylvania Clean Vehicles Program”

Dear Mr. Bush:

In order to follow up on the Alliance of Automobile Manufacturers' email submittal, I am enclosing for the IRRC's consideration our full comment package on the proposed regulations to adopt the California LEV II and motor vehicle greenhouse gas regulations. All of these materials were submitted to the Pennsylvania Department of Environmental Protection in April of 2006. We believe our comments raise important considerations that merit independent review by the IRRC.

Thank you for your time and consideration.

Sincerely yours,
