TO Environmental Quality Board

FROM Norma Teats - 363 S. MAIN - Russell, Pa. 16345

To whom it may interest:

I have chronic heart disease (triple by-pass)
I have ~~asthma~~ - am diabetic. My husband
had cancer, is now in remission.

Our neighbors

have an outdoor woodburner attached to their
home, and it has a very short smoke
stack that does not even go to the roof.
The stench is terrible. We can't even
go outside on our porch, or have open
windows. Smoke billows all around
down around our house
us and our neighbors who are not
as close to them as we are. Thank you
