Regulation No. 7-449 (#2813)
Environmental Quality Board
Large Appliance and Metal Furniture Surface
Coating Processes

On January 5, 2010, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Quality Board (Board). This rulemaking amends 25 Pa. Code Chapter 129. The proposed regulation was published in the January 16, 2010 *Pennsylvania Bulletin* with a 65-day public comment period. The final-form regulation was submitted to the Commission on June 30, 2010.

This final-form regulation limits volatile organic compounds emissions from large appliance and metal furniture manufacturing operations.

We have determined this regulation is consistent with the statutory authority of the Board (35 P.S. §§ 4005(a)(1) and 4005(a)(8)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

BY ORDER OF THE COMMISSION:

This regulation is approved.

Arthur Coccodrilli, Chairman
