**Subject:** marcellus shale

My name is Matt Balitsaris, address P.O. Box 155, Pipersville Pa 18947. I believe the new regulations for gas extraction for the Marcellus shale is a positive step, but would urge the state to stop the practice of "fracking" altogether, until a legitimate impact assessment can be completed. There is too much at stake in the Delaware River watershed to allow for this type of intensive gas extraction.
