2010 AUG -3 P 3 54

I THINK ALL REGULATIONS ON WELLS SHOULD BE AS STRICT AS POSSIBLE TO PREVENT LEAKAGE AND BLOWOUTS!  
CEMENTING SHOULD AT LEAST BE AS STRINGENT AS THOSE REGULATIONS USED IN TEXAS.  
THERE SHOULD BE NO EXCEPTIONS AS FAR AS BLOWOUT PROTECTORS ARE CONCERNED;  
THERE SHOULD BE AN INSTALLATION ON THE RIG AND ALSO AT A DISTANCE FROM THE RIG

i SUPPORT THE DEP CH 78 REGULATIONS
