2010 AUG -3 P 3:52

Please add the names of my wife and I as individuals who oppose the rampant drilling of our state without proper safeguards to protect our drinking water and other natural resources.

While we need energy, what we need even more is safe water. Given that there have been recent explosions and fires at wells, it shows that even at this limited level consider hazards lurk.

I oppose the continued issuance of well drilling permits until more safeguards have been established.

thank you,.
