Subject: The Proposed regulatory change for Marcellus Shale Drilling.

Dear Sir/ Madam:

Please please recognize the dangers involved with the Marcellus Shale drilling on the Pennsylvania side of the Delaware River (and all drilling) and Ban this drilling NOW! The health of children and families are at stake and this could mean your family as well.

Please please put a stop to this today.

Fondly yours,

Kara M. Dean-Assael
131 Washington Avenue
Beacon, NY 12508
