Pennsylvania Department of Environmental Protection

Dear of Environmental Protection,

I am writing to express my strong support for the upgrade of the Main Stem of the French Creek and the Beaver Run Basin from a "High Quality" designation to the designation of "Exceptional Value".

French Creek is one of Southeastern Pennsylvania's most precious waterways. Flowing through Chester and Berks counties, many parents and their kids have caught fish in French Creek's waters, swum in the creek to cool off on a hot day, and hiked it's beautiful banks through French Creek State Park.

We need to protect French Creek and Beaver Run Basin for future generations. Please designate it as an "Exceptional Value" stream.

Sincerely,

Liz Morris
221 W 1st Ave
Malvern, PA 19355-2606
