As a lifelong resident of North Coventry township and someone who has spent many hours in and around the French Creek, I am writing to express my strong support for the upgrade of the Main Stem of the French Creek and the Beaver Run Basin from a "High Quality" designation to the designation of "Exceptional Value".

Testing by a number of organizations, including the PA DEP, have repeatedly confirmed that these waters qualify for the highest level of special protection, Exceptional Value.

These precious natural resources serve our community in many ways. They are irreplaceable water resources and deserve the protection afforded by EV status. As part of Pennsylvania's Scenic River Program, these free flowing waters are amongst the most beautiful features of Pennsylvania. Please vote to protect them.

Sincerely,

Jay Erb
