2012 FEB 28 P 12:41

To the Environmental Quality Board,

I have read and support the proposed new rules regarding Dam Safety and Waterway management. I support them, and encourage their adoption. Pennsylvania's waters need all the help and protection they can get. We too often take for granted that we are blessed with abundant water, but its a blessing only in the water remains clean, and it is the Commonwealth's responsibility, on behalf of all of the citizens, to protect our water and make sure that those who need to intervene in our water courses assume responsibility for doing no harm.

Thank you
