Regulation No. 7-473 (#2948)
Environmental Quality Board
St. Joe Resources Company; Repeal

On May 21, 2012, the Independent Regulatory Review Commission (Commission) received this regulation from the Environmental Quality Board (EQB). This rulemaking repeals 25 Pa. Code § 128.21. Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

The alternative emission reduction limitations specified in this provision are no longer necessary due to changes in operations and the operating permit since the regulation originally took effect in 1986.

We have determined this regulation is consistent with the statutory authority of the EQB (35 P.S. § 4005(a)(1)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.
