SUBJECT: Upgrades on Class A List

10 April 2016

Dear Sir/Maam,

Please consider this letter as SUPPORT for the EQB's proposal to upgrade fifty streams that are Class A. to High Quality (HQ). I believe this is proposal 46 Pa. B1324.

I care particularly about Letort Creek and Big Spring Creek in Cumberland County due to their exceptional legacy as angling destinations. Nevertheless, the entire list should be approved for HQ upgrade.

Thanks for your consideration.
