Comments entered:

I am writing in support of the PA DEP's proposed Title V permit fee schedule changes.

The fee schedule has not been increased since the 1990s.

The Air Quality Program needs better funding to function effectively.

The fee schedule provides an incentive to businesses to modernise plants and equipment and operate more cleanly.

The Air Quality Program is important for public health and also recreation. Nobody wants to run or ride a bike through dirty air, or to risk developing or exacerbating respiratory problems. This has a knock-on effect on the income brought by trail users to local communities.
