I support the PA DEP's proposed Title V permit fee schedule changes and I urge their approval and adoption.

The existing fee schedule is inadequate to fund the program which I have long considered to be underfunded.

This past inadequate funding has resulted in a reduction in Air Quality Program staffing, which negatively affects the issuance of plan approvals and operating permits. It also adversely affect he program's ability to conduct inspections, respond to complaints, and pursue enforcement against polluters.

Thank you for considering my comments.
