Hon. George Bedwick
Chairman
Independent Regulatory Review Commission
333 Market St, 14th Floor
Harrisburg, PA 17101

Dear Chairman Bedwick,

Enclosed is a thoroughly referenced document that refutes Pennsylvania Governor Tom Wolf's justification for imposing a carbon tax on the state's fossil-based electric generation — mainly coal- and natural gas-fired power plants. The document also explains how the governor's proposal will seriously damage the Pennsylvania economy while providing no environmental benefits.

We believe that our findings provide ample reason for Pennsylvania's leaders to reject the proposed Regional Greenhouse Gas Initiative.

This document can be viewed online at CO2Coalition.org. Our email address is info@co2coalition.org.

Warmest regards,

Gregory Wrightstone
Executive Director
CO2 Coalition
