Please Reject Regulation #7-559 (IRRC# 3274): CO2 Budget Trading Program (RGGI)

Dear :

I write to express my opposition to RGGI and urge the Independent Regulatory Review Commission to reject this proposal. You need to make the right decision and not bow to Wolf's political pressure. Not only are you not helping the environment, you are killing jobs and the pockets books of hard working Pennsylvanians. I am asking that you intercede on behalf of the citizens of the commonwealth, and on behalf of the impacted communities that have been denied their legal right to confront the bureaucracy that seeks to destroy their lives and livelihoods.

Sincerely,
Thomas Meinert
