Dear IRRC officer:

I am a resident of Plumstead, PA. I am writing to urge you to approve PA's joining of RGGI. Climate change is impacting our life and health right now. One example is the smog we witnessed a few weeks ago in PA. As a Chinese American, I am familiar with the adverse effect of smog on our health. China's experience also tells us that it takes much more effort and cost to reverse the effect than prevent it.

Thanks,
Youping Xiao
