Re: eComment System

The Department of Environmental Protection has received the following comments on Proposed Rulemaking: Dam Safety and Waterway Management (#7-556).

Commenter Information:

Christopher Minich
(mystryman7@yahoo.com)
313 Roberts Rd.
Lewis Run, PA 16738 US

Comments entered:

Keeping buildings and infrastructure out of these sensitive wetland and stream habitats, forested riparian buffers, floodways, and floodplains will go a long way to being smarter too not just for the water quality and protection of Pennsylvania's public trust standpoint and the people and property downstream but from savings by taxpayer dollars down the road with less flooding impacts and expense and heartache that often comes with those repetitive losses.

No attachments were included as part of this comment.

Please contact me if you have any questions.

Sincerely,
Jessica Shirley
