You need to stay out of OUR charter schools! This is a ploy to work with the teachers unions, that are losing members and to keep your money-laundering system of tax dollars funneling to your CORRUPT Democrat Machine!

Truth is you hate competition, because that drives success! Seems to me, the public union system of failure, selfishness and above all... IGNORANCE , cannot compete in the free market when parents have the opportunity to decide for themselves what their children will be taught and as important WHO is teaching their children!

If you were honest about what is best for kids AND their families; you would encourage smaller localized schools with more community involvement, NOT more state and federal interference!

You are not a king!
