Governor Wolf I am greatly opposed to your new regulations regarding charter schools in our great state. These schools provide an outstanding educational choice to parents throughout the Commonwealth. Why do you feel it unilaterally necessary to impose limits on enrollments? Why should charter schools be subjected to more fiscal and auditing standards than traditional public school? Furthermore, we should not to have constantly fight for the funds that our students are rightly entitled to. Traditional public school easily receive these funds and we should also. This is unfair and must end immediately. Your regulations and actions would further impede access and availability for students to attend a Pennsylvania Charter School. This latest attempt to shutter Charter Schools will not tolerated. Our foundation as a country was built upon freedom to choose and many parents choose a charter school education for their children. Please do not overstep your power to infringe upon these rights.
