I would like to offer comments on Regulation #6-349: Charter Schools and Cyber Charter Schools

- Charter schools are public schools. It is past time for the trustees of these schools to be held to basic ethical standards and to disclose and abstain from any conflicts of interest. It is also past time for the clarification of penalties for individuals who violate the public trust and use their position as a public school trustee for personal financial gain.
 - - I have followed the charter school issue for a long time and have been concerned with issues of accountability, equity, quality, and transparency in the charter sector. I support these regulations.
 - I believe that there needs to be more clarity in Pennsylvania's charter school law and support these regulations.
