Stop the unfair charter schools charges. Are their teachers even licensed? Have they even proven they spent the amount of money per student that the public schools are required to pay? They pay it but they don't use it on the students? Really?

I am not a fan of charter schools. My children were very successful in Coatesville Public Schools. You only get out of it what you put into it. My daughter is the youngest and went on to be a Fulbright Scholar. She then went to Georgetown Law. I am a proud CASD alumni and feel my children received an excellent education. There is no way I charter schools would have come close to it.

You have to do something about this!
Please!
