Dear House and Senate Education Committees and IRRC:

I support this proposed regulation relating to charter and cyber charter schools.

As a school administrator who has seen firsthand how the lack of oversight and accountability has impacted our rural community and burdened taxpayers. This proposal is a positive step for accountability and ethics with regards to charter school entities. The lack of local control by our elected officials in the outdated charter laws have permitted public dollars to flow out of the district to sub-par cyber charter schools.

Thank you for addressing this issue on behalf of all of the residents throughout the Commonwealth of Pennsylvania. The future of education depends on you.

Respectfully,
Dr. Jacquelyn Martin
