This proposal is yet another example of Gov. Wolf doing his best to destroy an excellent educational alternative for children and families who benefit from charter schools.

As the grandparent of a charter-school student, I have watched my granddaughter blossom into an excellent learner. While in the on-site public school, she was failing her reading and math. We switched her to K-12, and her reading and math difficulties have virtually disappeared since she began at this charter school.

Any attempts by Gov. Wolf and his minions to make it difficult, if not impossible, for students and parents to have school choice is a destructive policy and capable of causing great harm to the future adults in our country. This new policy will do nothing but cause immeasurable harm to all involved.

Please do your part and protect our future generations. Vote AGAINST Chapter 713, Act 22.

Sincerely,

Anonymous Grandparent in PA
