Dear Commission:

IRRC # 3324
Agency # 16A
ID# 4953

I will enthusiastically support registration of Naturopathic Doctors in Pennsylvania until it becomes written in law. Many people the world over have benefitted from the practice of Natural Medicine. In a world today where children are ushered to doctors diagnosed with an illness and fed medication for profit at the expense of a persons life is appalling. I would be remiss if I did not take the opportunity to support this cause. Registration of Naturopathic Doctors fortifies distinction of their national standards for education and training from federally accredited naturopathic medical colleges by the Council on Naturopathic Medical Education (CNME). Registration further assures Pennsylvania residents that their Naturopathic Doctor's title, with the N.D. designation, has the competencies of graduate naturopathic medical education and training in order to practice in PA.

Sincerely,

Richard Mardoian
