Hello,

I am writing in response to the State Board of Nursing's proposed rulemaking, 16A-5145 (CRNA).

I am a practicing CRNA of 13 years and the last 6 have been in our state, my home state, where I plan to stay in for the rest of my career.

The CRNA training is rigorous and prepares nurses to care for patients in an extremely complex and dynamic environment and I am proud that I am able to take care of others in this way. Our current standing does not reflect the level of care we already provide or protect our ability to do so enough.

Our role is vital to give patients access to surgery and emergency help in the inpatient setting and it's past time to recognize what we do in rulemaking.

Thank you for your consideration

Anne-Marie Finch
