To whom it may concern,

I am writing in response to the State Board of Nursing's proposed rulemaking, 16A-5145 (CRNA). I have been a CRNA for 15 years now and a nurse for 20 years. It is quite exciting to be acknowledged as an advanced practice nurse in the state of Pennsylvania. The extra training has allowed us to care for patients during this vulnerable time in the OR and other life saving procedures. I am proud to be a CRNA at the University of Pennsylvania working along side of some of the worlds brightest clinicians and caring for challenging patients every day. Thank you for recognizing our importance to the healthcare setting and our expertise in anesthesia care.  
Jessica Xapakdy CRNA
